WHY WALK?

Your support helps men and women make informed choices about crisis pregnancies. Abortions are on the decline because of efforts that have been made by crisis pregnancy centers across the nation. These centers provide factual information to men and women about abortion and the alternatives.

We see clients ranging in age from 13 to 50, singles and married couples, and women and men who feel there is no other choice in their situation but to abort.

After discussing their alternatives, we assure them that we will be able to help them after their baby arrives by providing baby clothing, baby food and formula supplements, diapers, and other baby essentials. We can offer them a selection of maternity clothes during their pregnancy.

We are fighting for those men and women who may otherwise make choices that could impact the rest of their lives were it not for the peer-counseling that is offered at our center. We are attempting to help train these first time moms and dads to be good parents through our Baby Basics program. We are also fighting for the rights of the unborn child that has been created for a purpose and deserves a chance to fulfill that purpose.

It takes committed men and women both staff and volunteers to continue to make a difference. It takes individuals like you who care enough to help make a difference by financially supporting our work. No gift is too small to be a part of the solution. Join us in our walk for life as we stand upon the foundation of our Holy Creator
